¶85.24 PROVIDING FOR THE CONSIDERATION OF H.R. 1868

Mr. GOSS, by direction of the Committee on Rules, called up the following resolution (H. Res. 170):

Resolved, That at any time after the adoption of this resolution the Speaker may, pursuant to clause 1(b) of rule XXIII, declare the House resolved into the Committee of the Whole House on the state of the Union for

consideration of the bill (H.R. 1868) making appropriations for foreign operations, export financing, and related programs for the fiscal year ending September 30, 1996, and for other purposes. The first reading of the bill shall be dispensed with. General debate shall be confined to the bill and shall not exceed one hour equally divided and controlled by the chairman and ranking minority member of the Committee on Appropriations. After general debate the bill shall be considered for amendment under the five-minute rule. The bill shall be considered by title rather than by paragraph. Each title shall be considered as read. Points of order against provisions in the bill for failure to comply with clause 2, 5(b), or 6 of rule XXI are waived. Before consideration of any other amendment it shall be in order to consider the amendments printed in part 1 of the report of the Committee on Rules accompanying this resolution in the order printed. Each of those amendments may be offered only by a Member designated in the report, may amend portions of the bill not yet read for amendment, shall be considered as read, shall be debatable for ten minutes equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. All points of order against amendments printed in part 1 of the report are waived. After disposition of the amendments printed in part 1 of the report, the provisions of the bill as then perfected shall be considered as original text. Points of order against amendments printed in part 2 of the report shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. During further consideration of the bill for amendment, the Chairman of the Committee of the Whole may accord priority in recognition on the basis of whether the Member offering an amendment has caused it to be printed in the portion of the Congressional Record designated for that purpose in clause 6 of rule XXIII. Amendments so printed shall be considered as read. At the conclusion of consideration of the bill for amendment the Committee shall rise and report the bill to the House with such amendments as may have been adopted. The previous question shall be considered as ordered on the bill and amendments thereto to final passage without intervening motion except one motion to recommend with or without instructions.

When said resolution was considered. After debate,

Mr. GOSS moved the previous question on the resolution to its adoption or rejection.

The question being put, viva voce,
